

International Conference InterCarto. InterGIS 27
"GI support of Sustainable Development of territories"

August 21-23, 2021, Apatity (Murmansk region, Russia)

August 25-27, 2021, Nur-Sultan (Kazakhstan)

Information Letter

№ 1

Dear colleagues,

We would like to invite you to take part in the international conference “InterCarto. InterGIS 27. Geoinformation support of sustainable development of territories ”, which will be held at Apatity (Murmansk region, Russia) and Nur-Sultan (Kazakhstan), August 21-27, 2021.

Conference organizers:

International Cartographic Association
International Academy of Sciences of Eurasia
Institute of North Industrial Ecology Problems
of the Kola Science Center of Russian Academy of Sciences
Research Center for Medical and Biological Problems of Human Adaptation in the Arctic of the
Kola Science Center of Russian Academy of Sciences
Agrarian and Technological Institute of Peoples' friendship university of Russia - RUDN
Kola branch of the Russian Geographical Society
Lomonosov Moscow State University
Shirshov Institute of Oceanology of Russian Academy of Sciences
Department of Earth Sciences of Russian Academy of Sciences
Republican Public Association "QazaqGeography", Kazakhstan

The main sections of InterCarto. InterGIS 27:

- GIS and cartographic support of environmental, economic and social aspects of sustainable development of territories
- GIS and cartographic support of scientific research in the Arctic
- Geoinformation support of navigation in high latitudes
- New technologies of space-time visualization
- Maps and GIS in public health research
- Geoinformatics and public participation in environmental protection and risk management
- Cartographic and geoinformation methods for natural heritage preserving
- Cartographic and geoinformation methods for solving problems of historical geography and cultural heritage preserving
- Geographic information support for the study of climate change
- Cartography for ecological and sustainable tourism

- Urban ecology and planning
 - Ecology and restoration of anthropogenically disturbed territories (including bioremediation, reclamation and nature-based solutions)
- Landscape design and sustainable ecosystems
- Education problems

New section:

Geoinformation and cartographic support for ocean research

Section Description: within the framework of the UN program "Decade of Ocean Sciences for Sustainable Development (2021-2030)" researchers studying the largest natural object on Earth, the World Ocean and its parts are invited to present at the conference. Topics for this session include: detailed bathymetry maps, spatial and temporal distribution of physical, chemical, biological, geological and geophysical characteristics of waters and sediment layers. In addition, we are accepting reports for participation in the section devoted to modern methods of ocean study: numerical modeling, remote sensing methods, as well as expeditionary research.

Workshops and round tables:

Conference Organizing Committee invites applications for organizing the workshop and round tables within the thematic scope of InterCarto. InterGIS 27. They can provide a platform for discussion of a limited number of participants (no more than 25 people from the experts and specialists) in order to present and discuss the latest research results from scientific projects on the topic of the conference as well as knowledge exchange and creating of new partnerships and collaborations. Proposals for round tables and workshops with the preliminary number of participants should be sent to the Organizing Committee by 01.05.2021 by e-mail at intercarto@yandex.ru.

Registration for the conference is open and may be found at: <https://forms.gle/PmJPZ4t5GeVV8s2o8>

Publications should be submitted at intercarto@yandex.ru

Articles are accepted until **01.05.2021**, to secure have discount, please make sure that you send publication by the Deadline **01.04.2021**. No more than two articles are accepted from one author, in case of active participation in the review process - three articles.

Payment of registration fees in 2021 will take place in two stages: payment for publication (after the article is accepted for publication) and payment for full-time participation. Payment for publication is calculated by the first author according to the table:

	Authors from countries of the former USSR		Authors from other countries
	Before 01.04.2021	After 01.04.2021	
Author	3 500 ₺	4 500 ₺	75 USD
Author (60+ years)	3 000 ₺	4 000 ₺	65 USD
Student, graduate student	2 500 ₺	3 500 ₺	50 USD

Conference fee for full-time participation will be provided within the second information letter.

Information about the details for payment, registration of conference participants in Apatity and Nur-Sultan (Kazakhstan) and the amounts of registration fees for full-time participants will be posted in the next information letters.

**Sincerely,
InterCarto.InterGIS 27 Organising committee**
